

Harrison Berger

Berger.575@Osu.edu

SUMMARY

Ambitious creator who is detail-oriented and has experience in machining, programming, and developing scientific instruments. Eager to continue building experience in the workplace, and to explore options for continued skill development and growth.

SKILLS

Technical Illustration (GD&T)	Optical Comparator	Microsoft Office
Design & Modeling (2D & 3D)	Laser Cutter	Solid Works
Manufacturing Basics	CNC Milling	Mastercam
Quality Control	CNC Turning	MATLAB
Mechanical Troubleshooting	3D Printing	Onshape

EDUCATION

Bachelor of Science in Mechanical Engineering Ohio State University , Columbus, Ohio	Anticipated – May 7, 2028
Pre-Engineering Certificate Eastland Career Center , Groveport, Ohio	May 20, 2021

EXPERIENCE

January 24, 2022 – Present

Scientific Instrument Maker – **Ohio State University College of Arts and Sciences Machine Shop**, Columbus, Ohio

- Initially machined rudimentary parts on a conversational CNC Machine until proficient.
- Progressed to learning, and programming on Mastercam, after which graduated to more intricate and complex parts.
- Concurrently gaining knowledge of machining theory, scientific instrumentation, and mechanical foresight.

September 28, 2020 – November 10, 2021

CNC Operator - **Dayton Rogers**, Pickerington, Ohio

- Began this role by deburring parts and progressed to operating and programming CNC Mills and Laser cutters.
- Additionally, became trained and skilled in Quality Control (following tolerances as low as +/- .0005").
- Performed routine preventative maintenance on machines as needed.

May 1, 2019 – September 6, 2020

Cook - **Grapevine Pizza**, Pickerington, Ohio

- Trained new hires on all building procedures.
- Took orders and assisted customers.
- Prepared food and maintained a consistently clean workspace.

ACTIVITIES & HONORS

Member	SkillsUSA	2019 - 2021
Honor Roll	Pickerington North	2017 - 2021
Member	Pickerington Central Lacrosse Team	2016 - 2017
Member	Buckeye Space Launch Initiative	2026 - present
